

TRANSTAR INDUSTRIES INNOVATIVE ECOMMERCE PLATFORM, TRANSEND™, NOW OFFERS COMPREHENSIVE AUTOMOTIVE DRIVELINE PRODUCTS FROM PREMIER BRANDS

[Cleveland, Ohio – February 2, 2021] Transtar Industries, the leading distributor of automotive transmission and driveline aftermarket solutions, has partnered with RANDYS Worldwide, a premier supplier of differential gears, axles, and other driveline products. This agreement brings RANDYS extensive selection of Yukon Gear & Axle and USA Standard Gear products to transend, Transtar's proprietary parts lookup and ordering software. transend catalogs and uniquely matches fitment for thousands of high-quality parts covering a comprehensive range of vehicle applications. By partnering with RANDYS, Transtar is building a unique marketplace that boasts the industry's most comprehensive selection of transmission and driveline parts and products.

Transtar's CEO, Neil Sethi, says, "transend is the fastest-growing ecommerce platform for transmission, driveline, and other complex automotive parts needs. We are proud to partner with a market leader such as RANDYS Worldwide, offering even more product solutions to our customers."

CEO of RANDYS Worldwide, Kevin Kaestner, adds, "A tool like transend prepares automotive shops for the next chapter. We're thrilled to be part of that growth. transend makes it easier than ever to find the parts needed for a repair – and we're proud to contribute world-class driveline solutions to the transend offering."

transend offers tens of thousands of high-quality parts accessible through powerful yet intuitive navigation, removing the guesswork of finding and ordering the right product. Users can search for items with a vehicle's license plate number, VIN, or by year/make/model/engine. Products can be filtered by price, availability, and brand, and shipments are delivered as quickly as same day.

Registration for a transend account is free. Visit www.transend.us to begin browsing parts today.

About Transtar Industries:

Transtar Industries is the global leader in transmission and driveline-related solutions. Dedicated to providing customers with outstanding service, offering the broadest product catalog and best-in-class distribution of quality OE, aftermarket parts, and premium remanufactured products. Founded in 1975 in Cleveland, Ohio, in four decades, Transtar has grown to be a global supplier of products related to the transmission and driveline, with a comprehensive offering that includes automatic and standard transmission units, transmission rebuild kits and components, remanufactured torque converters, hard parts, valve bodies, differentials, and transfer case kits and components. Using their robust distribution network throughout the domestic United States, Puerto Rico and Canada, they deliver products to more than 80 countries.
