

## TRANSTAR INDUSTRIES WELCOMES NEW HUMAN RESOURCES VICE PRESIDENT, ANNA GLUCK

[Monday, October 26, 2020 – Cleveland, Ohio] The leading distributor of automotive aftermarket parts and solutions, Transtar Industries, announces Anna Gluck has joined the organization as Vice President of Human Resources. Gluck is responsible for human resources across all Transtar Holding Companies, including RECON Certified, Nickels Performance, Transtar Autobody Technologies, and more.

Chief Executive Officer Neil Sethi says, “I am proud to welcome Anna Gluck to the Transtar team. She is a high-level human resource professional with exceptional experience and the leadership skills necessary to help our employees not only navigate this challenging period, but also thrive.”

Gluck brings to Transtar Industries a proven track record of success in talent management strategy. Her accomplishments include implementing development programs focused on employee career advancements and designing an employer brand campaign centered on fostering a multi-generational and modern workforce.

Chief Financial Officer Joe Levanduski adds, “Anna is an important addition to our growing team and a strong asset to the human resources department. Given our plans to expand and grow Transtar, having Anna on our team will greatly facilitate building a strong and motivated team to accomplish our goals.”

Vice President of Human Resources Anna Gluck says, “Transtar Industries is uniquely well-positioned to offer their customer base not only high-quality products, but also meaningful knowledge and resources. Behind these continually improving offers is an incredible team, starting with the warehouse staff and delivery drivers that move the product, to their leadership team. Everyone is united behind provided excellence in service, and I am proud to contribute to that.”

### **About Transtar Industries:**

Transtar Industries is the global leader in transmission and driveline-related solutions. Dedicated to providing customers with outstanding service, offering the broadest product catalog and best-in-class distribution of quality OE, aftermarket parts, and premium remanufactured products. Founded in 1975 in Cleveland, Ohio, in four decades, Transtar has grown to be a global supplier of products related to the transmission and driveline, with a comprehensive offering that includes automatic and standard transmission units, transmission rebuild kits and components, remanufactured torque converters, hard parts, valve bodies, differentials, and transfer case kits and components. Using their robust distribution network throughout the domestic United States, Puerto Rico and Canada, they deliver products to more than 80 countries.
