

TRANSTAR HOLDING COMPANY PROMOTES JOSEPH LEVANDUSKI TO CHIEF OPERATING OFFICER

Cleveland, Ohio – December 3, 2020 Transtar Holding Company, the leading distributor of automotive aftermarket parts and solutions, today announced Executive Vice President and Chief Financial Officer Joseph Levanduski’s role will expand to include Chief Operating Officer.

Levanduski, who will still hold the EVP and CFO title, joined Transtar in July 2017 and has been instrumental in developing and executing the company’s growth strategy. Prior to joining Transtar, Levanduski held executive positions with A. Schulman and Hawk Corporation, two publicly held global organizations.

Chief Executive Officer Neil Sethi says, “I am pleased to recognize the contribution that Joe has made in setting the path for Transtar since he joined us in the summer of 2017. It was a tremendous team effort, and his leadership was instrumental in our success to-date. Joe’s background in many manufacturing companies over his 30 year career provides unique insight to advance our operations and better service to our customers.”

Levanduski commented, “I am grateful for the confidence being placed in me with this expanded role. I look forward to investing in training, technology, and resources that will allow us to advance our commitment to customer service excellence. I am very proud to be part of the Transtar team.”

About Transtar Industries:

Transtar Industries is the global leader in transmission and driveline-related solutions. Dedicated to providing customers with outstanding service, offering the broadest product catalog and best-in-class distribution of quality OE, aftermarket parts, and premium remanufactured products. Founded in 1975 in Cleveland, Ohio, in four decades, Transtar has grown to be a global supplier of products related to the transmission and driveline, with a comprehensive offering that includes automatic and standard transmission units, transmission rebuild kits and components, remanufactured torque converters, hard parts, valve bodies, differentials, and transfer case kits and components. Using their robust distribution network throughout the domestic United States, Puerto Rico and Canada, they deliver products to more than 80 countries.
