

**[Cleveland, Ohio – June 30, 2022]** Transtar Industries, a leading automotive parts and software solutions distributor, has partnered with Christian Brothers Automotive, a national chain of vehicle repair shops, as a preferred provider of high-quality products. Transtar will support this partnership with its expansive product portfolio and nationwide distribution network.

Transtar Vice President, Traditional Aftermarket Andrea Kunes says, “We are proud to support Christian Brothers with our complete transmission units, drivetrain components, air conditioning, fluid – and more. The Christian Brother’s brand is well-known and highly respected, and we’re pleased to continue their mission of providing customers with excellent repair.”

Christian Brother’s differentiates its business with a customer-focused, values-based approach, complementary to Transtar’s focus on investment in these important foundational elements.

Christian Brother’s Director of Purchasing and Automotive Technology, Kye Grisham, says, “Partnering with Transtar is a natural complement to our business approach. Their tens of thousands of SKUs, industry-leading warranties, and dedicated customer service allow us to continue serving customers with the same excellence they have come to expect.”

Interested parties can learn more about partnering with Transtar Industries by contacting Vice President, Traditional Aftermarket Andrea Kunes at [akunes@transtar1.com](mailto:akunes@transtar1.com) and by visiting [www.transtar1.com](http://www.transtar1.com).

**About Transtar Industries:**

Transtar Industries is the global leader in transmission and driveline-related solutions. Dedicated to providing customers with outstanding service, offering the broadest product catalog and best-in-class distribution of quality OE, aftermarket parts, and premium remanufactured products. Founded in 1975 in Cleveland, Ohio, in four decades, Transtar has grown to be a global supplier of products related to the transmission and driveline, with a comprehensive offering that includes automatic and standard transmission units, transmission rebuild kits and components, remanufactured torque converters, hard parts, valve bodies, differentials, and transfer case kits and components. Using their robust distribution network throughout the domestic United States, Puerto Rico and Canada, they deliver products to more than 80 countries.
